The Hughes News

Did you know Hughes Equipment Company is a great source for precision metal fabrication and machining? Our craftsmen are experts in working with **stainless steel**, **carbon steel** and **aluminum**.

— Mark Liccione, Fabrication Sales Manager
(call me at 414-339-9504 or 920-623-2000)

Hughes Equipment Offers Expert Contract Fabrication

The experienced team at Hughes can craft high quality metal components at competitive rates, using your designs or the design expertise of our engineering department. We work with stainless steel, carbon steel and aluminum.

Our fabrication and machining department offers

- **Quick Quotes Response**
- **Craftsmen with Exceptional Skills**
- **Quality - No Matter the Volume of Product Results that Meet or Exceed Expectations**

Our innovative and highly skilled engineering department provides excellent design solutions to meet customers' specifications for all applications. Our focus on innovation, continuous improvement and cost reduction will result in superior fabrication at competitive prices.

Hughes is big enough to handle all your contract fabrication needs, but small enough that we have the flexibility to work with your organization on creative solutions. Our commitment to excellence and customer satisfaction is second to none.
